Dear Colleen,

On behalf of the Retail Orphan Initiative (Retail ROI) at The Giving Back Fund, I would like to extend my gratitude to Marathon Deployment Inc. for your donation.

As you know, these funds will make a tremendous impact and help us raise awareness and provide real solutions for the more than 143 million orphans and 400 million vulnerable children worldwide.

With the help of donors like you, we will continue to make a difference by providing essential funds to orphan care, foster care and adoption organizations around the world. Our grants and zero interest loans assist with adoption support, child rescue from human trafficking and provide life skills training for orphaned and vulnerable children.

Thanks again for your generous support to continue to provide invaluable aid to orphans in need worldwide. You do make a difference!

Best regards,

Jessica Duffaut
Foundation Relationship Manager
